Today's class theme is "de dos" You have to focus on the rythem and morility . . .

You can do the drawing with your own point of veiw

We'll go 55/10/10 and a last 20 minute and a breakBe quiet while you are drawing and ESPECIALLY.

. . Winter should not annoy the model since you came here late . .

What's going on???

Are you dead???
Say that again!!!

First...

The line is too rough!This is not a croquis!It would be hard to fix because you've to draw dessin for the entrance exam.
As you can see!You're too obsessed with "form". This is why your drawing is so rough
The drawing is really boring it doesn't have any personality!!
You're just trying to copy the subject
You're even crumbling the drawing!This make the drawing even more boring
You're just drawing this with proportion

So in conclusion

Anyone can draw this

짝
SLAP!!!

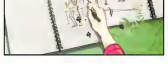
핑크레이디 ep 4

Pink Lady

We'll see about this...

I'll prove it!!!

I' ll prove that anyone can draw this stupid drawing!!!

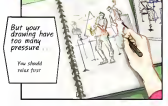


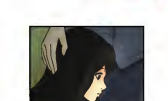
N/No. Um
So~ s alright, copying is a good way of studying.

Hmm.. Winter,
Yes?

This drawing look very funny and interesting

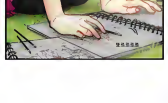
But your drawing have too many pressure
You should relax first





I have taught you for a year and I know that you're really smart! If you think about this more carefully,you'll soon understand what am I talking about.
I'm dizzy

I have to go to the next class now!!!Ohdear I forget about the next week homework!!!



I don't know...

I DON'T KNOW WHAT THEY ARE TALKING ABOUT!!!

I DON'T KNOW.
I DON'T KNOW WHAT IS THE "GOOD" DRAWING.

I DON'T KNOW IF I HAVE A TALENT...
